Ponosni smo što Vam prvi u Crnoj Gori možemo ponuditi hranu pripremljenu u "Josper" peći. "Josper" ravnomjerno peče hranu sa svih strana. Ova elegantna kombinacija roštilja i peći ima ventile koji kontrolišu temperaturu tokom procesa pečenja, tako da meso ostaje sočno i nakon termičke obrade. Odgovarajuća temperatura zgušnjava bjelančevine i na taj se način zadržavaju svi sokovi koji daju jedinstven ukus mesu, ribi i povrću. Predlažemo Vam da probate jelo pripremljeno na drvenom uglju u zatvorenom sistemu po kome je "Josper" peć jedinstvena.

Dobar apetit želi Vam HEMERA!

We are proud to be the first in Montenegro to offer you food prepared in the "Josper" grill oven. "Josper" evenly bakes food from all sides. This elegant combination of grill and oven has valves that control the temperature during the cooking process so that the meat remains juicy even after heat treatment. Appropriate temperature coagulates proteins and this way all the juices that give meat, fish and vegetables unique tastes are retained. We suggest you try food prepared on charcoal grill in a closed system which makes "Josper" stove one of a kind.

Bon appetite!

Мы гордимся тем что впервые в Черногории предлагаем вам блюда приготовленные в гриль-печи «Josper».

«Josper» равномерно печет пищу со всех сторон. Эта элегантная комбинация гриля и духовки имеет клапаны, которые контролируют температуру во время приготовления, так что мясо остается сочным даже после термообработки. Соответствующая температура коагулирует белки и, таким образом, сохраняет все соки, которые дают мясу, рыбе и овощам уникальные вкусы. Мы предлагаем попробовать Блюда приготовленные на гриле в закрытой системе, что делает печь «Josper» единственной в своем роде.

Приятного аппетита!

Black Angus offer

Naše black Angus meso je besprekorno uzgajano, hranjeno i njegovano na netaknutim brdima Crne Gore, u predjelima bogatim čistim vazduhom i izuzetno očuvanom prirodnom sredinom. Većinu života ova grla provode na slobodnoj ispaši i hranjena su 100% prirodnom, organskom hranom, bez upotrebe antibiotika, što garantuje visok kvalitet mesa.

Black Angus meso je prošarano svojim prirodnim mastima, koje se prilikom pripreme tope direktno u meso i daju mu najfiniji ukus.

Kad pomislite na savršeno pripremljen, mramoriran, aromatičan i sočan komad teletine, pomislite na neki od black Angus specijaliteta iz naše ponude!

Our black Angus meat is impeccably grown, fed and nurtured on the untouched hills of Montenegro, in areas rich in clean air and extremely preserved natural environment. These cattle spend most of their lives grazing freely and are fed with 100% natural, organic food, without the use of antibiotics, which guarantees high meat quality.

Black Angus meat is marbled with its natural fats, which during preparation melt directly into the meat and give it the finest taste.

When you think of a perfectly prepared, marbled, aromatic and juicy piece of veal, think of some of the black Angus specialties from our offer!
